

STRENUOUS DAY IN POLICE COURT

Colored Minister Urges the Negroes to Aid Police Catch Criminals—Forty Women Slain in Two Years.

Police court experienced another strenuous day Tuesday, when Recorder Pro Tem Preston tried approximately 125 cases from 8:30 a. m. until 8:30 o'clock at night. This record, coming upon the heels of Monday's court, which Judge Preston declared was the biggest since prohibition, establishes another mark in police justice. The crime wave, and especially the many murders of negro women, is alarming the negroes of Atlanta. This was made evident in a strong sermon on the present wave delivered by Rev. B. J. Bridges, colored, president of the Georgia Colored Industrial school at Macon, Sunday night at the Butler Street Methodist church. He cited that there had been more than 40 negro women slain in Atlanta within less than two years and that more than twice that number of men had been killed. He urged members of his race to do away with the traditional impulse to shield the slayer in such cases, and, in order to rid the community of such widespread

crime, to co-operate with the police in running down criminals. "The perpetrators of most of these crimes," he said, "have gone unpunished, which fact is due to the feeling of most of our race who would shield and hide, not only the crime but the criminal. "As long as this condition exists, the negro race is in danger of destruction. The only thing which will reduce crime among us is to afford no place of seclusion for the wrongdoer, but to assist the authorities in meeting out to him the justice he deserves. "This wave of crime, as well as all others, will never be checked unless this course is pursued by the negro. The police, in striving to ferret the murder of a black, strike a wall of adamant in the silence of negroes who try to thwart the efforts of authorities."

Colonel J. V. Smith Dies; Going to Funeral, Widow Learns of Sister's Death

Mineral Bluff, Ga., September 2.—(Special).—Just as Mrs. J. V. Smith was preparing yesterday to attend the funeral of Colonel J. V. Smith, aged 76, and one of the most respected citizens of Fannin county, news reached her of the death of her sister, Mrs. William Harper, whose home was near this place. Colonel Smith died last Saturday. He leaves two sons and three daughters, as well as his wife. His funeral which was carried out with Masonic and Odd Fellows honors, was the largest ever held in this community, and his death is a source of grief to the citizens of Fannin county.

Mrs. Pankhurst Insane Woman Believes Dr. Len G. Broughton

DR. LEN G. BROUGHTON, First pastor of the Baptist Tabernacle.

REV. LINCOLN MCCONNELL, Who has just accepted call to the Tabernacle.

"The militant suffragettes of England are anarchists, and should be treated as such. They should suffer the same penalties for like crimes that anarchists do—except that I am not in favor of capital punishment. Mrs. Pankhurst I regard as insane. She is extremely erratic, and has done great harm to the cause of equal suffrage." This was said by Dr. Len G. Broughton, former pastor of the Baptist Tabernacle, now of London, who slipped into Atlanta unheralded Tuesday morning. Lolling in an easy chair at the home of his brother, Dr. Joseph Broughton, 102 West Twelfth street, last night, with a favorite Havana between his lips, Dr. Broughton looked the picture of health. With an extra 25 pounds in weight to his credit, and a ruddy glow to his cheeks, he spoke freely about conditions of the world in general. "I tried to slip in here unobserved, on my way to Macon and other points," he said. "But I see I have been found out. I am very happy to be back here again, especially just at the time when Dr. McConnell is to be installed at the Tabernacle."

Speaking of the new mode of dressing prevailing among certain classes of women, Dr. Broughton spoke very clearly: "The women who run to the extreme in fashion do not represent a nation as a whole," he said. "They are the seekers after the limelight. I do not think they will have any great lasting effect upon morals, because they are only disgusting, that is all." Dr. Broughton will remain in Atlanta for several days, meeting old friends, and will then go to Macon and other points to speak. He will return in time to speak at Dr. McConnell's installation at the Baptist Tabernacle, Sunday, September 14.

JUDGE CONDEMNNS PISTOL CARRYING

Gambling Termed a "Senseless Evil" and Grand Jury Is Urged to See That Law Is Strictly Enforced.

When Judge John T. Pendleton, of the superior court, swore in the new grand jury Tuesday he made mention of the crime wave that has struck Atlanta, as told in The Constitution of Tuesday morning, and urged that the members of the grand jury see to it that every man charged with breaking the law, be indicted if the evidence indicated a possibility of his guilt. "Atlanta, while I have observed the wave of lawlessness here, is no worse than many other cities of its size," the judge remarked, and added: "I do not think Fulton county is worse in this respect than are many other counties."

Attacks Gamblers. Judge Pendleton made an especially strong attack upon gamblers and pistol-toters, and urged that the officers should go after these law-breakers at once. He declared that the man who carries a pistol in a civilized community is a coward and deserves only contempt. "Gambling called by the judge a 'senseless evil,' was also made the subject of part of his address to the new grand jury, and he told them that it was the duty of grand jurors and of petit jurors to see that gamblers received a just punishment. The grand jury, after being sworn in, met and chose H. Y. McCord as foreman. Immediately thereafter a number of cases were taken up, and nineteen true bills, ranging from murder to robbery were returned. B. C. Smith, a negro, was indicted for the murder of John Henry Wilkerson, another negro, whom he is said to have stabbed to death. Most of the indictments were against negroes, and were for burglary and robbery. Several indictments were returned for carrying concealed weapons.

Other Indictments. There were other cases on the list. Three of the indictments found, charged perversion, and two were for assault with intent to rape. During its session Tuesday morning the grand jury found no "no bills" out of the many cases considered. Several of these cases will be given further

consideration at the next meeting on Friday, at which time the name of James Conley, the negro sweeper of the National Pencil factory, will be put up for indictment as an accessory after the fact to Leo M. Frank for the murder of little Mary Phagan. Coming with the large number of cases before the grand jury and the number of law violations, reported by the police dockets, was the condition when Judge Andrew Calhoun opened the criminal division of the city court of Atlanta Tuesday morning with nearly 400 cases on the calendar.

BROTHER AND SISTER, WIDELY SEPARATED, INJURED BY 'CYCLES

Thomasville, Ga., September 2.—(Special).—By a coincidence Bascomb Buckhalt, a well-known young man of this city, and his sister, Miss Hattie Buckhalt, are both suffering from serious injuries received from motorcycles, one happening here and the other in Columbus. On Sunday afternoon while attempting to make a turn on Carroll Hill, just beyond the city, Mr. Buckhalt's motorcycle skidded with him and threw him into a ditch, breaking his leg, and bruising him up badly. The day before the accident to her brother, Miss Buckhalt, who was visiting in Columbus, was knocked down by a motorcycle just as she got off of a street car and was painfully injured. She has been brought home and though both young people are suffering a great deal they are expected to recover.

GOVERNOR IS DELAYED ON HOMEBOUND TRIP

Owing to his failure to make a connection in Denver, the return of Governor Slaton will probably be delayed until Thursday. Secretary Hardy Elm announced yesterday. The governor was detained in Denver longer than he expected to be and did not start on his homeward trip from that city until Tuesday morning. He will probably reach Atlanta late Thursday evening.

TWO TRAINMEN HURT MAKING A TEST RUN

Members of Crew on Georgia Train Have Narrow Escape From Death.

A miraculous escape from serious injury and possible death was experienced by Georgia railroad trainmen when fast freight train No. 210, on a test run, collided head-on with switch engine No. 814 at the Georgia railroad crossing at Hurt street. Tuesday night at 7:52 o'clock. All of the crew escaped without injury with the exception of R. A. Perrot, switching conductor, who had his back badly wrenched, and Emmet Smith, a negro brakeman, whose back and head were deeply cut.

Perrot was taken to the Tabernacle infirmary, where it was found that his wounds would not prove serious and Smith was taken to Grady hospital, where it was stated that if no internal complications set in he will recover. The test run was to be made in an effort to show that the engineer of a swiftly moving train running south into Decatur could see a train if it were standing on the track by the Decatur depot, as the Georgia railroad is now being sued by Engineer Gilliam, who was injured in a collision at Decatur about two years ago, and who claims that he was approaching the station at a fast rate of speed and did not see the train which was standing on the track. The switching crew all stoutly maintain that they were under the impression that train No. 210 would not be along for about ten minutes, and, therefore, did not clear the track. The officials of the railroad have started a rigid investigation of the accident.

French Indo-China expects to export 1,200,000 tons of rice this year. Ohio broke a record last year by mining more than 34,000,000 short tons of coal. In a year Turkey produces approximately 100,000 bales of wool of 250 pounds each.

Members of Rotary Clubs Must Be Boosters for City

The full meaning of Rotary club work, and the part the Atlanta Rotary club is expected to play in advancing the best interests of this community were explained in detail at a meeting at the Piedmont Tuesday afternoon. Ivan E. Allen and Albert S. Adams, delegates to the fourth national convention of Rotary clubs, were back from Buffalo, filled with enthusiasm over the ideas they had gathered there. "Since the recent organization of a club in Atlanta, the wrong impression has grown up in some quarters as to its purpose. It is not a selfish organization. It is not a business swapping organization. The representative of any particular line of business who is a member of the Rotary club holds his membership not to boost his private interests or his individual business, but to represent and serve the interests of all Atlantans in his trade or professional calling. Mr. Allen and Mr. Adams both made forceful and enthusiastic speeches. Mr. Adams, quoting from a speech made by President Glenn C. Mead, of the national organization, said: "Rotary can never attain its full perfection as long as there is a vestige of the notion that Rotary clubs exist for the purpose of exchanging business among their members. Our last two conventions have emphatically repudiated this idea, and President Harris dealt it a death blow in his masterful analysis of Rotary delivered before the convention in 1912. The misconception appears to arise in the minds of outsiders because the membership of Rotary clubs is restricted to one representative from each trade or professional calling. But it requires only a moment's thought and reflection to

grasp the real reason for this form of organization. "Since the Rotary club is a commercial organization it could not include every business proprietor or manager in a large city, without becoming unwieldy and cumbersome. The Rotary club is a carefully selected body of business and professional men, and the ideal Rotary club is the most representative commercial organization and business club the world has ever known. It is a parliament of business where every business constituency has its representative and may be heard on a basis of absolute equality. "Service and not self is the true motto of all Rotarians."

WIFE, ASKING WORK, FINDS HUSBAND WHO HAD DESERTED HER

When Mrs. Bige Wallace applied for work at a local mill Tuesday morning the first person whom she saw on entering the building was her husband, by whom she and her two young children were deserted three weeks ago in Anderson, S. C. She immediately communicated with the police, and Wallace was placed under arrest, charged with desertion of his family, and is being held at police headquarters pending investigation of the case by Probation Officer Coogler. Mrs. Wallace appeared at the office of the Associated Charities Monday morning, and told a most pitiful story of having been deserted by her husband three weeks ago. Because she could not obtain employment of any kind in Anderson Mrs. Wallace, with her two children, aged 2 and 4, came to Atlanta. Mrs. Wallace was promised every assistance. A boarding place was secured for her, and her children are being cared for in the day nursery for working women's children. Acting on the advice of Superintendent Logan, of the Associated Charities, she went early Tuesday morning to a local spinning mill to apply for work, and there met her husband. Mr. Logan and Miss Ramspeck, of the Associated Charities, hope with the assistance of Mr. Coogler to effect an amicable adjustment between the couple, making it unnecessary to prosecute the case against Wallace.

Negress Is Killed.

Ferry, Ga., September 2.—(Special).—On Saturday night, between 10 and 11 o'clock, on E. J. Thompson's farm, about two miles west of Perry, Mose Armstrong, a negro man, shot and killed Mamie Jones, a negress, with a shot gun. A quarrel led to the shooting. The cause of shooting is said to have been jealousy. An inquest was held by Coroner Scilling on Sunday morning and the coroner's jury returned a verdict of willful murder. Mose was arrested and put in jail.

GREAT CENTRAL AGENCY TO SELL FARM PRODUCTS

Its Establishment Is Recommended by Directors of Farmers' Union.

Salina, Kan., September 2.—Establishment of a great central agency to assist in the marketing of all farm products was recommended in the report of the board of directors of the farmers' union at the opening session of the national convention of that organization here today.

The principal object of the central marketing bureau, the report held, would be to draw business and farming interests closed together for their mutual benefit and to the ultimate benefit of the consumer.

In addition to his recommendation the directors report spoke of important work accomplished by the farmers' union through the aid furnished toward the enactment of the parcel post law, an immigration restriction and other legislation.

The members of the union, the report said, are members of the national board studying the rural credit systems of Europe. The union is preparing for publication of a book on the general subject of co-operation as it affects the farmer.

More liberal agricultural appropriation, the abolishment of dealing in "futures," the establishment of a bureau of marketing in the agricultural department, credit extension, stricter immigration laws and a protest against the proposed central bank currency plan were some of the recommendations to congress contained in the report of the legislative committee as drawn for presentation.

Five hundred delegates representing thirty-one states are present. The officers include President, C. S. Barrett, of Georgia; secretary-treasurer, A. C. Davis, of Arkansas; and legislative committee, L. N. Rhodes, of Tennessee, and W. T. Wright, of North Carolina.

U. S. RECEIPTS MORE AND EXPENSES LESS

Washington, September 2.—Increased government receipts and decreased expenditures during August as compared with August of 1912, halted the growth of the deficit of the federal treasury for the current fiscal year. Receipts for the month exceeded disbursements, exclusive of Panama canal and public debt transactions by \$129,000, bringing the deficit for the fiscal year beginning July 1 down to \$10,201,000, as compared with \$8,809,000 a year ago.

Atlanta is baseball wild. Last night pandemonium reigned throughout the city.

Thomasville, Ga., September 2.—(Special.)—Roth held the Valdosta club to two hits today, one a scratch and Thomasville won 5 to 0.

Welchone climbed two points nearer the league leadership in batting when he connected for one time in the game with the Mobile Gulls Tuesday afternoon.

September Expected to Prove A Very Warm and Dry Month

No official temperatures were made public from last Saturday at noon until Tuesday morning, and while all Atlanta realized that the weather was warm, few realized that the temperature had crawled above the nineties in that time.

Clear and warm weather, with a temperature reaching about 90 degrees during the middle of the day, is the forecast for Wednesday.

From the appearance of the climatic conditions, Section Director C. H. Hierman expects that September will prove a dry and warm month.

August, contrary to the predictions led to Professor Snyder, the local weather prophet of Griffin, proved a very dry month.

GEORGIA LOOMS UP IN BUREAU'S COTTON REPORT

But Georgia Holds Her Own, Meaning That This State Will Have a Season of Unprecedented Prosperity.

Washington, September 2.—An announcement today by the department of agriculture that the condition of the growing cotton crop of the United States was 63.2 per cent of a normal on August 23, disclosed the fact that the plants had deteriorated 14.1 per cent since the July report was taken. The August figures were the same as those of August, 1910, and the condition at this period has been lower three times during the past twenty-two years.

The greatest deterioration was in Oklahoma, where the condition dropped 3.5 per cent to 45 per cent. In Texas the condition of 64 per cent showed a deterioration of 1.7 per cent. Deterioration in other states in the part of the belt struck by drought was: Arkansas, 15 per cent; Missouri, 14 per cent; Louisiana, 12 per cent; Tennessee, 10 per cent; Mississippi, 8 per cent; and Alabama, 5 per cent.

COTTON JUMPED 67 TO 71 CENTS

Sensational Advance in New York on Receipt of Government Report—December Sold Near 13 Cents.

New York, September 2.—The government report, making the condition of the coming cotton crop only 63.2 per cent compared with 74.8 last year, 73.2 two years ago, was followed by one of the most sensational advances that has ever occurred on a government report day during recent years. Private condition figures had prepared the trade for a bullish report, but the market had advanced very rapidly since the middle of last month, but the official figures proved even less favorable than anticipated, and inspired a general movement. The south was credited with selling on the advance, supposedly against the coming, but both trade interests and speculators were heavy buyers, and while slight reactions in the general tendency of the market was upward.

December contracts sold at 12.54 in the late trading, practically the 13 cents level and 211 points or \$10.55 per bale above the low record of August 14. Closing prices were 2 or 4 points off from the best, but the final tone was firm at a net gain of 67 to 71 points, as compared with the closing figures of last Friday. Local statisticians said that on the basis of the acreage, the official statement that 100 per cent at this season of the year is equivalent to 100 points on the acre, today's figures pointed to an acre, today's figures of not over 12,500,000 bales and while these figures did not seem to be at all generally accepted, the action of the market certainly suggested a considerable scaling down of average crop reports, particularly as deterioration reports had continued to come in, and the bulls claim that cotton has lost ground since the government report was completed.

Liverpool made a firm showing over the local holidays and the market here opened firm at an advance of 5 to 23 higher before noon. Cotton was sold 35 to 37 higher before noon. Cotton was sold 35 to 37 higher before noon. Cotton was sold 35 to 37 higher before noon. Cotton was sold 35 to 37 higher before noon. Cotton was sold 35 to 37 higher before noon.

NEW HAVEN STOCK DROPPED DOWN.

New Haven, September 2.—It was a formidable list of depressing influences that led to the stock market today. When trading was resumed after the triple holiday there was an outpouring of New Haven following the news of today's wreck, which depressed the stock nearly 3 points to 90-1/4, a new low record. Another bear factor was the unexpectedly poor bank statement of Saturday. July reports of some railroad systems emphasized that July results had been disappointing. Both Pennsylvania and New York Central reported increases in gross earnings, but heavier operating expenses.

NEW HAVEN STOCK DROPPED DOWN.

In the face of these influences, the stock market lost relatively little ground. Prices were bid up sharply at the outset, under the lead of the coppers, which were benefited by the advancing tendency of the metal market. London buying estimated at 20,000 shares helped put up prices, Canadian Pacific was marked up 4 points and the Iron and Steel market, China, Utah Copper and various other stocks a point or so. The rise was utilized to distribute stocks, however, and a reaction quickly came.

NEW HAVEN STOCK DROPPED DOWN.

Early gains were lost and as the day's unfavorable news developed, both tone grew heavier. New York Central was especially weak, falling back 3 points. The close found prices in better cases under Friday's last figures.
