Row Puts World Series Games in Peril

POWERS OF GAME TO ENFORCE RULE

Herrmann Will Halt Championship Games if Ban on Players Writing Is Violated.

PHOENIX, Oct. 1.—Unless the players participating or eligible to play in the world's series refrain from signing the use of their names on newspaper articles in the series, there is grave danger that the play will be called off. Such was the declaration of Garry Herrmann, chairman of the National Commission, in Cincinnati to-day.

Herrmann is on the war path and declared the commission will enforce the rule. The hope from Cincinnati is to the effect that if the names of players appearing under the above rule appear after the first game, a halt will be called in the play until such time when the signed articles cease.

Several days ago the commission had a special session to decide on the player-scribe. After a long session it was agreed that all players competing in the big clash should be barred from writing or having their names signed over stories of any kind. However, several of the players on the contesting teams have ignored the rule and are now being advertised by several of the big papers to write newspaper articles.

"Matty" One Ignoring. It is also reported that the Players' Fraternity has taken sides with the players in the matter. Matthewson, Margaret, Meyers and Collins are some of the players who are going through with their threat to sever the games.

In a statement made by Herrmann in his Cincinnati office he said: "The commission will enforce the rule prohibiting series players from allowing the use of their names over newspaper articles, and it is probable the series will be called off if the players refuse to live up to the rules. The commission will protect the newspapers that have secured contracts with players to write articles."

The National Commission meets in New York on Monday and the attitude of the players toward the rule will be taken. If all sides stand pat there is sure to be a conflict. The Baseball Players' Fraternity is supporting the players who wish to turn scribes during the big play.

Fultz Defends Scribes. This was announced by David L. Fultz, president of the organization, in New York yesterday. Fultz said: "We do not pass upon the status of the player-author, as in our opinion that matter rests entirely with the player and the paper itself. But if our support should become necessary to enable one of our members to carry out a contract which he has had a perfect right to enter into and which another has entered into with him in good faith, we would back him to the limit."

Fultz characterized as "absurd" all talk that the series would be called off if players refused to heed the ban against their efforts as writers.

High Jennings, manager of the Tigers; Ty Cobb and other stars are scheduled to write. Just how the ruling can affect these men, since they are not eligible to play in the series, is a matter of debate, yet Jennings last night said he would not write if he can not get the permission of the commission.

MOVE FOR ADAIR AS MAYOR BEGUN

Business Men Reported Behind Boom—Plan Retaliatory Attack on 'Open Town' Advocates.

Definite plans of the anti-Woodward faction to weld itself into a stronger organization and to seize complete control of all city departments, except the Mayor's office, were made known Wednesday, following their victory at the polls Tuesday.

To knock in the head the movement to recall Police Chief James L. Beavers.

To re-voke the permits of several locker clubs and near beer saloons that were especially active against the majority party in Council in support of certain 'open town' candidates.

To re-elect Carlos H. Mason to the Police Commission and to replace George Johnson, an anti-Beavers man, on the commission with ex-Councilman Aldine Chambers.

Realize Chief Is Strong. Though the believers in this policy assert that the small and close vote of Tuesday does not indicate that the majority sentiment of the town is against them, they realize that Beavers' friends are securely in the saddle for the time being and they are willing to remain quiet for the present.

MANY ERRORS LAID TO COURT; CHARGE MADE OF JURY INTIMIDATION

In an exhaustive research, requiring nearly 200 typewritten pages, citing 115 counts and attacking two of the jurors, an amended motion for a new trial for Leo M. Frank, sentenced to hang October 10 for the murder of Mary Phagan, was filed Wednesday.

Each count, wherein the court declared to have erred in the trial of the pencil factory superintendent, is dissected, its effect asserted and the whole combined in a masterly manner to form the chain of the defense's claims.

The two jurors named are Marcus Jochenning and J. A. Henslee, both of whom, it is claimed in the motion, were prejudiced against Frank before they were selected. Affidavits will be introduced to support this contention.

The motion was placed in the hands of Solicitor Dorsey for his inspection and reply and the first hearing will be given on October 4.

Principal among the objections offered in the motion is the conduct of the crowds which attended the trial. Frank's attorneys openly declare that the jury was intimidated, and despite their objections no effort was made to stop the applause which time and again rang out in the courtroom.

Threats to clear the room were made by the trial judge, the motion states, "but they were absolutely disregarded and the threats were not enforced, despite the objections of counsel for the defense."

Hits at Conley Testimony. The motion struck also at the admission of the lascivious testimony of Jim Conley, the negro sweeper. The testimony referred to included that wherein the negro declared on the witness stand that Frank had entertained women in the factory on holidays while he stood watch at the front door.

Lasciviousness is not one of the character traits involved in a plea of murder and can not be held in a murder trial, even when the defendant has put his character in issue, the motion stated.

The testimony of Dr. H. F. Harris, County Physician, also was objected to. The motion declared that the physician's testimony was "argumentative and not a statement of fact, scientifically or otherwise." Dr. Harris had gone extensively into an analysis of the cabbage taken from the stomach of Mary Phagan, which she had eaten on the morning of her tragic death.

Objection was also made to the testimony of Newt Lee, the negro night watchman, who first found the Phagan girl's body, wherein he testified as to Frank's nervousness and his method of conversation when the two were brought together at the police station following the murder.

Charge Errors to Court. The petition charges that the court erred in allowing the testimony of Miss Mary Pirk, who charged inhumane conditions at the pencil factory, and in admitting other testimony hinting at the same thing over the protests of the defense.

Another count is based on the admission of Scott's testimony concerning a conversation he had with Mrs. Arthur White regarding her seeing a negro on the first floor of the factory. The State claimed this negro was Jim Conley.

The court is charged with error in allowing the Solicitor to declare that he was prepared to prove the charges.

NEW MARSHAL IN OFFICE MINUS COMMISSION

J. C. Brown Gets U. S. Post in South Florida Republican Held Fifteen Years.

JACKSONVILLE, Oct. 1.—J. C. Brown, of Lakeland, Fla., a member of the Legislature from Polk County, to-day took the oath of office before Judge Call in the Federal Court as United States Marshal for the Southern District of Florida, succeeding Captain John F. Herr, a Republican, who held the office fifteen years. Mr. Brown is a former Georgian. He resided in Waycross several years ago.

Mr. Brown's induction into office to-day is unusual from the fact that his commission has not yet reached him, although wire advices from Attorney General McReynolds say it was made out yesterday and is on the way.

Service Deputy T. J. Bundrix handled his resignation to the new Marshal as soon as he was sworn into office, and Mr. Brown expects to fill the position at once. Arthur E. Brooks has been named to succeed Deputy Bristol at Tampa; John M. Warren, a former member of the Legislature, succeeds Deputy Johnson at Key West, and Edwin R. Lowe, of Marathon, relieves Deputy Hodges at Miami.

Mr. Brown, who was left an orphan at 8 years of age, and is now 33, has forged his own way to the top unaided, and to-day will send in his resignation to the Atlantic Coast Line Railroad, by which he has been employed as a freight engineer between Sanford and Lakeland.

Perkins Takes Charge In North Florida. PENSACOLA, Oct. 1.—Commissioner J. B. Perkins, recently appointed United States Marshal for the Northern District of Florida, arrived here last night. Perkins already has furnished bond. He took the oath of office before Federal Judge William B. Sheppard this morning and entered upon the duties of his office.

No chief deputy has been appointed. Former Marshal Thomas F. McCourtin, automatically ousted by the appointment of Perkins, still is out of the city, but the new official took charge of the office immediately after taking the oath. Perkins has appointed several deputies, all Democrats. He expects to appoint a chief deputy within the next few days.

HEARING OF NEW TRIAL MOVED MAIN TO BE POSTPONED SATURDAY

It was regarded as absolutely certain Thursday morning that the hearing of the Frank motion for a new trial would be postponed when it called by Judge Roan Saturday morning.

The last doubt about the postponement was removed following a statement of Solicitor General Hugh Dorsey who declared that it would take him from now until Saturday and perhaps longer to check up the brief of evidence alone.

The Solicitor added, however, that he would plunge into the subject immediately with the view of preparing his answer at the earliest possible moment. Although he refused to venture an assertion as to the length of the delay it is believed that the hearing will be postponed longer than one week.

The Judge has in his power to proceed with the hearing, but regardless of the many requests of the Solicitor or the defense, but it is certain that no such ruling will be invoked Saturday.

FAMILY TRIES TO SHIELD YOUNG DELRICHS

Girl Reported to Have Refused Offer of \$4,000 to Drop Charge of Stabbing.

NEW YORK, Oct. 2.—Representatives of the DeLrich family are actively offering to pay Miss Lucille Sturgeon, a pretty 19-year-old girl of No. 406 11th street, \$4,000 to drop her charge of stabbing.

Miss Sturgeon, who has been confined in an automobile hospital since she was stabbed, is reported to have refused the offer.

After much contradiction and some mystery, the original charge made by Miss Sturgeon that she had been stabbed during an automobile ride was established.

Although doctors who attended at the Kellersberger Hospital declared the stabber was the result of an automobile accident, the girl's story convinced the jury, and Lucille was committed to the State Prison.

Later he was held out in the sum of \$500 by his mother, a sister, Mrs. William K. Vandenberg, Jr., pending his arraignment in Harlem Police Court.

Holds Out for \$500. According to Miss Sturgeon, who is the daughter of a wealthy manufacturer in Harris and Texas, Harry Taylor, a lawyer, offered her \$4,000 to drop her charge.

Doctors here said Miss Sturgeon would be arrested again to press the charge against her.

The girl's mother said she knew Sturgeon as "Billy" because she had seen her in a New York City hotel when she was a child.

Seek Boy Gang as Gas Meter Robbers

Detectives Thursday hunted a gang of young white boys believed to be responsible for many thefts from slot gas meters the last few weeks. Arrests before night are expected.

Descriptions have been obtained of two of the boys from Mrs. Kate Cruse, 109 Cameron street, Wednesday afternoon Mrs. Cruse heard a noise in the front of her house and upon investigating saw two boys carrying away a gas meter. A further investigation showed the slot gas meter in the house had been tampered with.

Fuller Hits Dream Burglar With Chair

City Marshal James M. Fuller is in hot water again, but this time it is not due to a practical joke by his general friend, Walter Taylor, City Clerk. He had a nightmare Wednesday night, dreamed there was a burglar in his room. Grabbing a chair, he struck at the intruder, but was awakened when he smashed a window pane.

He came downtown and bought a new pane. When he was about to mount a street car, the conductor gently told him glasses and gasoline were not permitted on cars. Marshal Fuller then hired one of those swift moving cabs. At noon he had not returned to the City Hall.

FRANK DAVIS TRIAL

SENSATION IN ARREST OF UNION AGENT

Prisoner Alleged to Have Told of Conspiracy for Operation During McNamara Trial.

NEW YORK, Oct. 4.—Gorge E. Davis, alias George McDonald, who was arrested in the Fort Pitt Hotel, Pittsburgh, Pa., September 10, charged with illegally transporting explosives from one State to another, was arraigned before Commissioner Shields this afternoon and waived examination.

Davis' arrest had been kept secret and Government detectives caused the information to be given out earlier than the prisoner had been taken in custody this morning at the Breelin Hotel in this city.

Davis is alleged to have confessed that while the McNamaras were on trial he and other representatives of the Bridge Workers' Union were planning to dynamite every non-union piece of structural work in the country. Davis swore the plot was to cost the union \$1,500,000.

According to Davis, this conspiracy was hatched while President Frank Ryan and other officers of the Structural Iron and Bridge Workers' Union were under surveillance.

The action of the McNamaras in pleading guilty exploded the conspiracy. The plot is reported to have included the assassination of William J. Burns, the private detective who worked up the case against the McNamaras, and others involved in the national dynamite conspiracy.

A bare synopsis of Davis' confession covers thirteen closely typewritten pages. One of the local jobs which Davis admitted engineering was the blowing up of the Chelsea Pier, North River, in April, 1908. The prisoner also told of jobs in which he was involved at Bradshaw, Md., and Peih-man, N. Y.

Davis does not look like a dangerous man. He is youthful looking, with pink cheeks and a frank, smiling countenance.

INDIANAPOLIS, Oct. 2.—Harry Jones, international secretary of the Iron Workers' Union, was arrested at noon to-day, charged with conspiracy to transport explosives unlawfully. The arrest is said to be a result of a confession by George E. Davis alias George McDonald, now under arrest in New York.

Jones is a new figure in the dynamite case. He formerly was financial secretary of a New York local, but was elected international secretary last January.

Jones' bond was fixed at \$10,000 and October 13 set for a hearing.

New Year Will Find City Without Debts

When the Council Finance Committee concluded its final revision of the city budget Thursday, Chairman W. G. Humphrey announced that the end of the year would find the city not owing a dollar outside of the bond indebtedness. This is the first time the city has had such a record in years, and Mayor Woodward congratulated the committee.

The appropriation of \$5,000 for a first payment on the new fire alarm system was held up on the objection of Mayor Woodward to moral obligations. The new Finance Committee will consider the purchase of this system at once, as was done in the case of the crematory. It is valued at \$108,000.

The appointment of Mr. Goodwin is now considered certain.

JUROR DENIES PREJUDICE

SOLICITOR CERTAIN TO GET DELAY

Dorsey Unable to Prepare Data to Fight New Trial Motion by Saturday.

With the prospect Thursday of a postponement of the hearing of the Frank motion for a new trial when it comes up Saturday, there came also the positive assurance that Solicitor Dorsey would have absolute denials from the two jurors charged with prejudice in the motion.

Marcellus Johanning, No. 161 Jones avenue, one of the jurors, declared Thursday that the accusation was a complete falsehood.

"I served on that jury because I did not want to try to lie out of doing so," said Johanning, "even though I would gladly have escaped the work. And now, to accuse me of having told a falsehood to secure the month's service is rank injustice.

"I lost money through neglect of my business, and there was not a man on the jury who had anything to gain, other than to do his duty as a citizen. If there are any persons who have made affidavits that we did not do Frank justice, they have lied outright."

Made No Statements.

"I don't know anything about the affidavit but what I saw in the papers," added Johanning. "Solicitor Dorsey has not notified me that there was any such affidavit. If there is one it is absolutely false.

"I made no utterances before the trial that would disqualify me for jury service. Friday before the case was called I was informed that I had been drawn as a salesman. I did not mention that to anyone but my business partner, and that was for business reasons.

"I went to the trial absolutely impartial. My mind was unprejudiced. I was in the attitude of demanding that the State prove its case.

"I would have gladly avoided serving that month on the jury, and the only reason I did serve was because I did not want to lie out of it.

"As soon as I can see the affidavit we will show that it is flimsier than the paper on which it is written."

Henslee's Friends Tell of Denial.

J. A. Henslee, a traveling salesman and second juror charged with having been prejudiced, has moved to Barnesville since the end of the Frank trial. However, his Atlanta friends Thursday declared that he had made strenuous denials to them of the accusation when it became public some time ago.

The last doubt about the postponement was removed following a statement of Solicitor Dorsey, who declared that it would take him from now until Saturday and perhaps longer to check up the brief of evidence alone.

The Solicitor added, however, that he would plunge into the subject immediately with the view of preparing his answer at the earliest possible moment. Although he refused to venture an assertion as to the length of the delay, it is believed that the hearing will be postponed longer than one week.

The Judge has it in his power to proceed with the hearing regardless of the many requests of the Solicitor of the defense but it is certain that no

Woodward Likely to Run.

Mayor Woodward is expected to run again, with charter reforms as the main plank in his platform. A thorough revision of the organic laws of the city is his remedy for the present ills of the city government, and there are many who agree with him and are ready to back his candidacy on that issue.

If he should not run, the name of Captain James W. English has been suggested as a good one to head a charter reform propaganda. Captain English's refusal to be a candidate in several recent campaigns, however, indicates that he would again decline.

The plan of the majority party in Council is to beat Mayor Woodward. A program already is well under way to curtail his power as much as possible during the remainder of his present term. That is one reason they are so anxious to return Carlos Mason to the Police Commission.

Mason Probably Will Accept.

Reluctant as Mr. Mason is to again accept the place—he has sold out his furniture business and is planning to take a trip of several months to Europe—it is generally believed that he will finally consent to again be a candidate.

With an organization primed to its maximum strength, the party will begin a campaign next summer to beat Mayor Woodward. At present they regard Mr. Adair as the best bet, principally for the reason that they believe he would have a large following outside of their realm. Friends of Mr. Adair say he would get strong support from quarters where there is no sympathy with the policies of the councilmanic majority party.

Begs Pardon in First Words in 19 Years

LEAVENWORTH, KANS., Oct. 2.—Plans to secure a pardon for "Jap" Rainey, a life term prisoner at the State penitentiary at Lansing, Kans., were made to-day. Rainey, who is 50 years old, went to the penitentiary nineteen years ago. After the prison gates closed on him he swore he never would speak again.

He kept his word until yesterday, when he stopped S. T. Seaton, pardon clerk, fell on his knees and pleaded for a pardon.

Mr. Johnson and Senator Hoke Smith will see Mr. Bryan to-morrow and hope to induce him to accept.

WASHINGTON, Oct. 2.—Senator Hoke Smith's resolution providing for the appointment by the President of a commission of nine members to study and report a plan for vocational education was called up in the House to-day by Congressman Hughes, of Georgia, Chairman of the Education Committee. No agreement as to debate was reached, and the resolution may be under consideration for the balance of the day, if a quorum can be maintained. Its passage is eventually assured, as there is little opposition.

ADAIR'S MAYORALTY BOOM STIRS UP CITY

The plan of a number of influential persons to get Forrest Adair to run for Mayor of Atlanta, an account of which was published in Wednesday's Georgian, had political leaders stirred up Thursday, and very much resembled a real boom. The only reason it is not a boom is that Mr. Adair has not given his consent.

It's the talk wherever there is interest in politics, and the majority opinion is that Mr. Adair will be persuaded to seek the place. Since the primary is one year off, it is not necessary for him to make an immediate decision, but political issues in Atlanta have become so vital that leaders are losing no time in planning to bring some sort of order out of chaos through the next election.

Carlos H. Mason, chairman of the Police Commission, has been urged by many to be a candidate. But Mr. Mason is anxious to support Mr. Adair. Also the majority party in Council looks upon Mr. Adair with favor.

Two-Thirds Inning Game Is Won From Giants by Phillies

NEW YORK, Oct. 2.—The Phillies finally annexed the freak ball game that began in Philadelphia on August 30 and ended here to-day, when the Giants' part of the ninth inning was played out.

On August 30, after one Giant batter had been retired in the ninth, Umpire Brennan awarded the game to the Giants because of interference on the part of the Philadelphia crowd. Later President Lynch awarded the game to the Phillies. Then the National Commission ordered the final two-thirds of the ninth inning of the game to be played to-day.

With the same players in the field that participated in the game on August 30, which ended with the score 8 to 6, in favor of the Phillies, the Giants went to bat to-day in the ninth inning.

Murray, the first batter up, was out, Byrne to Luderus. Meyers singled and Grant ran for him. McLean batted for Snodgrass and forced out Grant. Byrne to Knaib. That ended the game.

Mentions Vain Request.

The petition says that a new trial should be granted because of the following grounds: The Solicitor General having, in his concluding argument, made the various statements of fact about the Durant case, as shown in the preceding grounds of this motion, the defendant requested the court, in writing, before the judge began his charge, to charge the jury as follows, which request the judge refused to grant and thereupon committed error.

Cheers for Dorsey Re-called.

When the jury was finally charged by the court and retired to consider their verdict, and when Mr. Dorsey left the courtroom, a large crowd on the outside of the courthouse and in the street cheered by yelling and clapping hands and yelling "Hurrah for Dorsey."

When it was announced that the jury had agreed upon a verdict the court felt constrained to clear the courtroom, but when the verdict was rendered a crowd of more than 1,000 people outside raised a mighty shout of approval.

Reason for Objections

The court erred, over the objection of the defendant, in allowing the witness, Lewis Ingram, to testify as to the street car coming in ahead of time. The court erred for the same reason in permitting the witness, W. D. Owens, to testify as to the time.

Other Points in Motion.

Other interesting extracts from the petition are: Public sentiment was greatly aroused against the defendant. The courtroom was quite a small room, and during the argument of the case every seat was taken. The jury, in going to and fro was dependent on the small passage ways made by the officers of the court.

Character Ruling Attacked.

The court further erred because, although the defendant had put his character in issue, in admitting such testimony, the State could not rely by proof of improper or immoral conduct with women.

De Castellane, Pressed by Creditors, Lets Them In Her Will

Wed Anne Morgan.

PARIS, Oct. 2.—To marry an American heiress to replenish the coffers of an ancient family is one of the first resources of imperious European noblemen and titled parts of the aristocracy.

But it has been left to Count Bond de Castellane to discover that merely waiting and talking with the daughter of a multi-millionaire is the equivalent of cash and is warranted to hold troublesome creditors in leash over long periods.

Count Spins Wedding Tale.

The Count's story is that he was waiting for his bride because of years of delay since his divorce from Miss Anna Grand, now Duchess de Sagan, by laws of how he is going to marry some of the Morgan millions and finally pay off all his debts with accruing interest.

A tale is being told of the Count's life which during the past fortnight Bond has been extremely hard pressed by importunate creditors who want their money.

Mid Creditors in Park.

Bond had a bright idea. He thought of the more magnificent of his persecutors to Versailles when he went to make a call on Miss Anne Morgan at her Villa Trocadero.

NEW SECURITIES ISSUED LESS BY \$361,545,000

First Nine Months of 1913 Show Big Decrease Over Year Ago. Much Capital Is Needed.

Securities Output During September

Table with 3 columns: Bonds, Notes, Stocks. Rows for Total, Industrial Corporations, and Government.

By B. C. FORBES.

New security issues in the United States for the first nine months of the year have aggregated \$1,233,110,000, a decrease of \$361,545,000 from the corresponding period last year.

The September total reached \$143,000,000, an increase of \$14,300,000 from the August total.

Short-term financing has become rampant. Two of every three dollars raised during the last month were obtained on short dates.

Most capital is wanted both here and abroad.

The exclusive announcement in the House papers of a suit against Interborough bonds was promptly denied.

Political prospects are occasioning uneasiness in the highest financial circles.

Monetary conditions are not acute here, fortunately.

But Europe is far from comfortable and may need every ounce of gold we can lay hands on.

The French government has forbidden the placing of any foreign securities there.

Germany has manifested opposition to foreign loans.

High-grade bonds are neither actively negotiated.

That general business is receding does not dispense.

All things considered, the production of new securities will doubtless have to be kept down to the most prudent necessities.

This table shows how the monthly and quarterly figures for 1913 compare with those of 1912.

Table comparing 1913 and 1912 figures for Bonds, Notes, and Stocks.

GETTING A PERFECT LADY'S GOAT

12,000 TERRAPIN YEAR'S OUTPUT BY BARBEE

Owner of Only Diamond Farm Hopes to Break Record for Unique Industry.

Ten thousand baby terrapin, little diamond-backed fellows who will live until next summer without a bite to eat of a drop of drink, and then will sell for \$2 to \$4 each, have been hatched this year.

Before the first of January Mr. Barbree expects 2,000 more terrapin to be hatched, making a total of 12,000 for the year.

Fourteen of the terrapin were hatched in Atlanta at the Georgian Terrace Hotel, during the last week, while Mr. Barbree was renewing old acquaintances and boosting his peculiar business.

Mr. Barbree's success in rearing the diamond-back terrapin by artificial means has attracted the experts of the Department of Agriculture at Washington.

When he first began his artificial propagation of the creature, Government experts said it could not be done.

Mr. Barbree, however, had raised and studied the terrapin for more than twenty years, and brought a fund of experience and knowledge into the work.

Through Mr. Barbree's success in raising terrapin and his willingness to share the secrets of his plan with others, it is probable that the extinction of the diamond-back terrapin, which has threatened for several years, will be prevented.

The farm in which he keeps his terrapin is 150 feet long by 80 feet wide, securely enclosed and roofed with wire.

The eggs are hatched and maintained in the breeding pens, and then are placed in the incubator, where they hatch out in 40 days.

MONEY LENDERS GOBBLED BY COUNT BONI

De Castellane, Pressed by Creditors, Lets Them Infer He Will Wed Anne Morgan.

PARIS, Oct. 2.—To marry an American heiress to replenish the coffers of an ancient family is one of the first resources of imperious European noblemen.

But it has been left to Count Boni de Castellane to discover that merely walking and talking with the daughter of a multi-millionaire is the equivalent of losing cash and is warranted to hold troublesome creditors in leash over long periods.

Counts Spins Wedding Tale. Boni's marriage has been putting off his horde of creditors for years ever since his divorce from Miss Anna Gould, now Duchess de Sagan, by tales of how he is going to marry some of the Morgan millions and finally pay off all his debts with accruing interest.

A tale is going the rounds of the Paris salons that during the past fortnight Boni has been extremely hard pressed by impatient tradesmen who want their money.

His creditors in Paris. Boni had a bright idea. He took several of the more important of his pretenses to Versailles and went to make a call on Miss Annie Morgan at her Villa Trignon.

The creditors being advantageously placed near the villa Boni suggested the placing of his creditors behind bushes and on hidden benches where the girls divided in their admiration.

Believed Them Engaged. The money lender's gentleman walking alone with Miss Morgan in the forest at 10 o'clock in the morning, strong evidence of the complex scheme, was noted by Miss Annie Morgan.

Miss Morgan is installed at the Verailles villa with Miss Elizabeth Marbury and Miss Louise de Wolfe.

PASOR DEBATES LABOR EXPENSE WITH UNIONS

The Rev. Hugh Wallace Plans to Have Employers Name Inquiry Commission.

To further plans for his prominent expose of labor conditions in Atlanta and his proposed fight in the interest of working women and girls, the Rev. Hugh S. Wallace, pastor of the Jones Avenue Baptist Church, is conferring with the leaders of the city as to all phases of the question.

Plans to Enlist Pastors. The Rev. Mr. Wallace said that following these conferences he will personally take up the matter with the ministers of the city and urge them to step into the fight.

"If the employers of our hosts of working girls and women will show a disposition to meet us halfway," said the minister, "I shall endeavor to have a committee appointed to revolve a frank and open discussion of this great question with them. It is within the power of the employers to remedy the shame of present-day working conditions, and we want to interest them."

Wants Employers to Aid. "We want them to join in and aid in this great movement to lift the masses of struggling women and girls from the degrading and degrading influences in the midst of which they are compelled to labor for their daily bread, and incidentally brighten their lives."

"I am satisfied that the great majority of our people are agreed on one point, and that is that the time has come when something must be done. It may mean a fierce battle, but it is a battle which must be fought. I have no quarrel in this matter with the employers, only with the concerted action that will bring results and that quick."

LITTLE BOY BLUE FRESH, BRIGHT; HARLAN HIT

Ambitious Young Chorus, Along With Some Tunes, Aid Old Atlanta Favorite.

By HARLETON COLLIER.
A chorale chorus, elementary in its melody, characterized by its freshness and brightness, and its harmonic structure, that is in the same line as the old-time favorites, the "Little Boy Blue," the "Swanee Song," and the "Swanee River," has been introduced at the Atlanta last night.

The chorus, under the leadership of Miss Harlan, is far from being a novelty, but it is a very good one. It is a chorus of two solo, and a full chorus. It is a chorus of two solo, and a full chorus. It is a chorus of two solo, and a full chorus.

Miss Harlan is probably the best soloist in the city. Her voice is clear and sweet, and her delivery is perfect. She is a very good soloist, and her voice is clear and sweet.

EAGLES BOOMING ATLANTA DAY AT KNOXVILLE

Lodge Urum Corps and 50 Members Planning Big Parade at Conservation Exposition.

R. Walter Tripp, chairman of the committee appointed by the drum corps of the Fraternal Order of Eagles to cooperate with its Chapter of Commerce committee in arranging for "Atlanta Day" at the National Conservation Exposition at Knoxville on October 7, said Thursday morning he believed between 500 and 600 Atlanta boys would make the trip.

"I have been canvassing the entire city in the interest of Atlanta Day," Mr. Tripp said, "and everywhere I go I find a determination that Atlanta should be well represented. In addition to the 50 members of the drum corps, I expect about 250 Eagles to make the trip to cheer their drummers and bagpipers and host Atlanta. We also expect about 500 members of Commerce members and other citizens will make the trip and spend the day showing Knoxville what a real live town Atlanta is."

Mr. Tripp expects to enter Thursday with the Chamber of Commerce committee in selecting representatives for the 11th necessary to send the Eagle Drum Corps to the exposition. Because of the absence of Colonel Robert J. Lowry, its chairman, the committee has not yet held a meeting, but it is thought that the work of raising the necessary money will require only a few hours when the committee gets started.

On behalf of the Eagles, Mr. Tripp's committee is collecting subscriptions. In the event the Chamber of Commerce committee do not succeed in raising the money, the Eagles will come to the rescue and bear the entire expense of sending their drum corps to the exposition.

MOTHER MIGHT NOT BE LIVING

Lady Tells of Mother's Troubles, Which Almost Resulted in Death, and How They Were Overcome.

Cumberland Gap, Tenn.-"I don't believe my mother would be living today," writes Mrs. Sarah I. Owen, of this place, "if it had not been for Cardul, the woman's tonic."
 She suffered dreadfully for years with womanly troubles, smothering spells, chills, fluttering of the heart, and weakness.
 "Finally she was advised by a friend to try Cardul, the woman's tonic," she bought a bottle, and could not believe its good effects. From the first, she has now taken 8 bottles, and is enjoying very good health. It has done her more good than all the other medicines she ever took.
 "We think Cardul is worth its weight in gold."
 The very best endorsement and preparation can have is that of people who have tried it. They know what it will do. Judging from the thousands of letters we receive every year similar to the above, it is easily possible to believe in the good that Cardul has done for suffering women in the past half century of wonderful success.
 Cardul is composed of purely vegetable ingredients, which act in a gentle, natural manner, on the weakened womanly organs, thereby building them back to new strength and health.
 You can not go wrong trying Cardul for your troubles.
 Get a bottle to-day.

A Thrilling Story of a Modern Monte Cristo

By **LOUIS TRACY**

While listening to Mason, he again experienced the odd sensation of absence of fifty dollars, and a complete change in his mental environment. The Jew was clever, of course, but his cleverness was that of the textbook, a dry record of fact which needed genius to manipulate the general page. And these lawyers, reporters, politicians, with the various background of finance, the French and artistic tastes of flower and diamonds, the Magistrate, even, resented the dignity and solemnity of the Jew, and looked upon him with the greater interest than the paying string of the streets to the ordinary life of London as it passed.

The Magistrate glared at four men and at the Jew. The Jew, who seemed to be a common street boy, was a man of a certain stature, in that direction he seemed actually when the steady advance of a policeman started in that direction. "There is only one person present," he said, "who is an expert in this extraordinary case, and that is the boy himself."

 It was the magistrate's turn to look slightly confused. There was some sympathy in his eyes.

12,000 TERRAPIN YEAR'S OUTPUT BY BARBEE

Owner of Only Diamond Back Farm Hopes to Break Record for Unique Industry.

Ten thousand terrapins, the diamond-backed Green which will hatch next summer, will be hatched from 12,000 eggs which have been hatched this year in the only diamond-back terrapin farm in the world owned by A. M. Barbree, of Lake Hope, near Savannah.

Before the first of January Mr. Barbree expects 2,000 more terrapins to be hatched, making a total of 12,000 for the year.

Fourteen of the terrapins were hatched in Atlanta at the Georgian Terrace Hotel, during the past week, while Mr. Barbree was in the city on business. He has come to New York, Philadelphia and Washington, taking with him an incubator containing several terrapins.

Mr. Barbree's success in raising the diamond-back terrapin by artificial means has attracted the attention of the Department of Agriculture at Washington. When the first hatchling arrives at the Georgia Experiment Station, Government experts will be called in to see if it had been tampered with.

Mr. Barbree, however, had raised and studied the terrapin for more than twenty years, and he has a fund of experience and knowledge in the work. He has his 8,000 terrapins ready for the market and expects to ship 10,000 to 12,000 to the Georgia Experiment Station, which has been hatched for several years.

The eggs in which he keeps the terrapin is for not long as 60 feet wide, several inches and oval, but well rounded. The eggs are laid in their own beds of mud, which are carefully prepared and maintained in the breeding pens. The eggs are placed in the incubators where they hatch out in 60 days.

Things are right! Therein lies the whole story. It tells why there is so much enthusiasm among our salespeople...

Indeed things are right! Right to the nth power. Styles, fabrics, trimmings and the underlying ideas.

They may show in one way or in another. Perhaps it's the fabric, or the suits it may be—velour, matelasse, divy-tync, pean de peche, self-striped cloths.

Perhaps it is the fashioning—a novel cutaway coat, that buttons close at the neck; another that buttons low and shows a suggestion of a vest—in rich Oriental tapestry; another that blouses at the back and has a wide girdle—all with skirts draped in graceful fashion.

Perhaps it is the trimming—a touch of Oriental colorings, a bit of velvet on a collar, an unusual bow, a girde, or a button placed here and there. The style elements show!

And there is such a wonderfully large selection—one suit after another to help you make up your mind. Not to see them might bring disappointment.

UNCLEAN DAIRIES TO BE EXPOSED BY SPEAKERS AT PURE MILK MEETING

A speaker who expects to declare that more than that of any other dairy in the United States, will be exposed next Tuesday night at the Auditorium, when a "pure milk meeting" will be held under the auspices of the State Department of Agriculture and the milk committee of the Atlanta Chamber of Commerce.

and furnish pure milk, while they are in the minority, will be complimented and encouraged by the speakers, and pictures will be given of their places, presenting the evidence between a sanitary and an insanitary one. It was announced officially from the Chamber of Commerce Thursday morning that the purpose of the meeting is not to incite the Atlanta and Georgia dairymen, but to educate them in the science of providing pure milk.

Violators To Be Warned

The dairymen who violate the law and refuse to make their places sanitary and who do not conform to the laws in their milk to the lawful limit will be named, but their business will not be so described as to make their names generally recognizable. The speakers will sound a warning which will be made against all dairymen who refuse to conform to the laws of the State Department of Agriculture and the Chamber of Commerce. The request was refused because plans already had been made for the night meeting.

Violators To Be Warned

The Chamber of Commerce committee, which is preparing a report covering the activities of the State Department of Agriculture and the Chamber of Commerce in Atlanta, includes Samuel A. Visarini, chairman, Dr. Richard W. Beaman, Dr. M. B. Adams, Dr. H. B. Adams and Dr. J. H. Adams.

RECORDS OF THE GROUPS IN THE STATE OF GEORGIA

Bankers Say September Movement Indicates 20 Per Cent More Money for Farmers.

With cotton bringing 14 cents and with practically every county in Georgia showing a decided increase in the movement of cotton in September, 1912, over September, 1911, the flag of prosperity is waving again over the Empire State of the South.

The receipts at Savannah during the past month are significant of good conditions in Georgia. An increase of practically 100 per cent is indicated for the receipts for September, 1912, totaling 500,000 bales, as against 125,000 in September, 1911.

Georgia received \$2,250,000, as against \$4,291, and Atlanta 18758 against \$128. Among the smaller towns the percentage of increase runs anywhere from 100 to 500.

When it is considered that practically every bale of this cotton was bought at a price close to 14 cents, the amount of money which the farmers have received at the very beginning of the fall season may be appreciated. The 500,000 bales of cotton received at Savannah represent a value of \$2,250,000.

Bankers throughout the State say the farmers made their 1912 crop cheaper than in many years, because the scarcity of money, which has been stretched a dollar farther than one had ever been stretched before.

Frank G. Yorker, president of the Dublin National Bank, is willing to make his reputation on the assertion that there will be at least 25 per cent more money among the farmers of Georgia this fall than there was a year ago. "The property outlook in Georgia was never brighter and has never been so bright now," said Mr. Yorker.

DELIGHTS on GEORGIA POLITICS

JAMES B. NEVIN

The Progressive (Republican) have more to glaze their faces with nothing to do with the negro? The Progressives in Georgia, however, have not with them, and it is not likely that they will.

What credit for that article of things in Georgia there may be of any person, it appears that Mr. J. B. Nevin, of Atlanta, was the pioneer of the movement that cut the Progressive loss from the colored ticket.

For a time it looked as if the Georgia Progressives were codding the colored ticket. It was not so, however, and although some prompt objection was made to this among the rank and file, it was not discouraged.

There are gentlemen who may disagree with the right and title to the distinction of being the first Progressive candidate in Georgia, but those who have kept tabs on things political will award him the palm or whatever it is nevertheless.

The candidate, however, adds this comment to its heretofore quoted comment: "So much the better for the Southern negro that all of the big political parties have decided to get him in, and keep him in, in the political discard."

The "Jesse" seem to be very much "in it" politically nowadays! The City Council of Atlanta-Jesse Lee, Jesse Wood and Jesse Armstrong.

MATHEWSON'S BRAIN WILL MAKE HIM HERO OF WORLD'S SERIES

'BIG SIX' WILL PROVE HE'S NOT DOWN AND OUT

Athletics Will Find Giants' Veteran Hurler as Great as He Was in 1911.

By J. W. McConaughy.

NEW YORK, Oct. 2.—About seven years ago a hungry band of managers arrived in New York from Chicago for the purpose of organizing a series of ball games with the World's Champions—the Athletics.

It is to show him where he belongs that Matty will be the hero of the series.

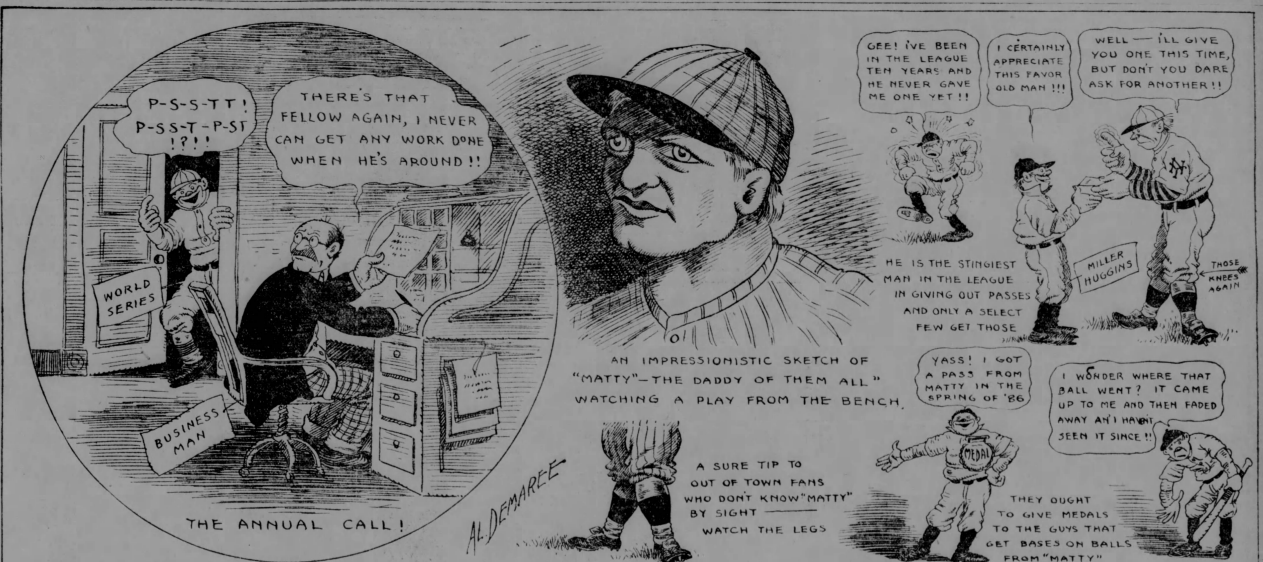

Matty? He Never Gives a Pass

COMPLETE HISTORY AND RECORD OF MATHEWSON, GIANTS' GREAT PITCHER

CHRISTOPHER MATHEWSON, born at Factorville, Pa., August 12, 1880. Height, 6 ft. Weight, 155. Pitcher and bats right-handed.

Table with 5 columns: Year, G, RA, EA, W, L, P. Rows for 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920.

WORLD'S SERIES RECORD

Table with 4 columns: Year, G, RA, EA, W, L, P. Rows for 1905, 1912, 1915, 1917, 1918, 1919.

Grandest Pitcher in Game.

IN the meantime he is and has been the greatest pitcher in the world. He has made a baseball out of anything but a baseball. He is one of the few pitchers who didn't buckle the American League. He didn't need it. He never needed half of his "stuff" one manager of the time—because of a pitcher's baseball with his brains as big as his arm.

Has Other Ambitions.

HE doesn't have a big business, but he doesn't get half of the year on this account. He has other ambitions. One is to play the trombone in an orchestra, but it is believed that he has abandoned that dream in favor of a stage career or theatrical work.

Palzer or Dailey to Box Gunboat Smith

NEW YORK, Oct. 2.—Billy Gibson, the boxing promoter, who stages bouts in Madison Square Garden, is believed to have a private library of considerable value. He is also one of the best boxer players in this country.

Developed "Fadedness"

THE "fadedness" was developed as a result of Matty's determination not to "show his arm." He discovered after his first season in the big league that a batter could be fooled with a new ball as readily as with a fact about his first ball. It was always a wonder he then practiced a slow drop curve as one of his subtle assets—and then the fadeaway.

BASEBALL Diamond News and Gossip

THE repeated "triple-header" between the Giants and the Phillies is looked for this afternoon at the Polo grounds in New York. The club will have two games, but a strike in the morning may interrupt the first game.

Carl Thompson Will Be Married Soon

ATLANTA, Oct. 2.—Carl Thompson, formerly a crack pitcher for the Red and Black and more recently a star with the Atlanta club, champions of the Southern League, was a victim here yesterday and was welcomed warmly by many friends.

NEW YORK, Oct. 2.—Billy Gibson, the boxing promoter, who stages bouts in Madison Square Garden, is believed to have a private library of considerable value. He is also one of the best boxer players in this country.

FOOD FOR SPORT FANS

BASEBALL STATISTICS have failed to record the number of knock-outs in the big leagues this season, but there is a general impression that the Phillies lead by a large margin.

Athletics Are 10 to 9 Favorites Over Giants

NEW YORK, Oct. 2.—Betting on the World's Series is light in the city, though there is a promise of plenty of sharp money. In Philadelphia the wagering is becoming brisk, both odds of 10 to 9 offered by Athletics favorites.

Little Chance for Packey-Ritchie Bout

CHICAGO, Oct. 2.—There will be no battle between Willie Ritchie, lightweight champion of the world, and Packey McFadden. This was definitely settled today when Packey, who is expected to do 125 pounds, weighed in at 123 pounds.

LOEB REPORTS AT TECH CAMP; PREAS SHIFTED

COACH HEISMAN'S face wore a smile which had adorned it in some days when Albert Loeb appeared quite suddenly and unexpectedly at Grant field.

Loeb for his weight was the best center in the South last year and when it came to snapping the ball back he was above them all.

HEISMAN has made up his mind to stay in the South for the present. He is sure that in the game Saturday he will be the star.

FAMILY TRIES TO SHIELD YOUNG DELRICHS

Girl Reported to Have Refused Offer of \$4,000 to Drop Charge of Stabbing.

NEW YORK, Oct. 2.—When 21-year-old Herman Delrich, second richest bachelor in America and son of Vincent Astor, was arraigned in Hamilton County Court today charged with stabbing Miss Sington...

Mrs. Delrich, mother of the girl, and a sister of Mrs. William Vanderbilt, Jr., was in court today...

After much consultation and some maneuvering, the original charge against Miss Sington was dropped...

Although doctors who attended her at the Knickerbocker Hospital declared the injuries were the result of an automobile accident...

Out for... According to Miss Sington, she is the daughter of a wealthy man...

Deputy Police Commissioner L. J. Dougherty said Miss Sington was being brought to trial...

The young woman said that she knew Delrich as Bill Ferguson and gave her name as Miss Sington...

The police were puzzled because they could not find the woman with whom the girl claimed to have been established...

Miss Sington said that after stabbing her with a needle, the long needle, her assailant passed the instrument to another man in the room...

Deputy Commissioner Dougherty said he knew the identity of this third person and could arrest him at any time...

It was said at the apartments of Miss Sington that her court case would set her on her way to court...

A statement made by the young woman will press her charge against Mr. Delrich from what is known as the whole affair in the result of an affidavit...

THE SCOTTS

Miss Willie Russell Law, whose husband, Mr. Thaddeus J. Chesire, will die on October 18, is having a series of parties, although many of her friends will compliment her with great ability after her return from her wedding trip.

On Wednesday afternoon Mrs. D. R. Law entertained at a bridge tea for Miss Law at her home on Pence Drive, inviting married women of the neighborhood to be her guests.

White and white were the prevailing colors featured in large bouquets decorated the reception table with roses were used in the dining room, where the tea was set for eight guests at 4 o'clock.

The table was decorated with white and yellow flowers, the table runners were white and yellow, silver candlesticks and silver centerpieces were used.

Miss Law was wearing a green dress with the new (hot) color, her hat had a seal and a white feather on the side.

The bride and groom were married Tuesday evening, September 20, at the home of the bride's parents, Mr. and Mrs. J. H. Harrison, at Center Hill, the Rev. J. H. Harrison, officiating. The bride was escorted by the Rev. J. H. Harrison, and the groom by Mr. J. H. Harrison.

The bride wore a white gown with a white and yellow sash, and a white hat with a white feather. The groom wore a dark suit and a white shirt with a white tie.

Give Your Boys Muscle Food

Give that growing boy and girl of yours food that will nourish and build up their bodies, food that makes sound bone, strong muscle and healthy flesh.

FAUST SPAGHETTI is just that kind of food. It is made from Durum wheat—a cereal extremely rich in gluten—a bone, muscle and flesh builder.

FAUST SPAGHETTI can be served in many tempting ways. It always makes a savory, reliable dish and is very easily digested. You have no idea how many delicious ways you can serve **FAUST SPAGHETTI** until you read our free recipe book—write for it.

At all grocers—5c and 10c packages.

12,000 TERRAPIN YEAR'S OUTPUT BY BARBEE

Owner of Only Diamond Back Farm Hopes to Break Record for Unique Industry.

Ten thousand baby terrapin, little diamond-backed fellows who will live until next summer without a bite to eat or a drop to drink, and then will sell for from \$2 to \$4 each, have been hatched this year on the only diamond-back terrapin farm in the world, owned by A. M. Barbée, at late of Hope, near Savannah.

Before the first of January Mr. Barbée expects 2,000 more terrapin to be hatched, making a total of 12,000 for the year.

Fourteen of the terrapin were hatched in Atlanta, at the Georgian Terrace Hotel, during the past week, while Mr. Barbée was renewing old acquaintances and boosting his peculiar business. He has gone to New York, Philadelphia and Washington, conferring with him an incubator containing enough terrapin eggs to hatch

EVELYN THAW'S OWN STORY—Written by herself. The second instalment of the new and frank revelations of her kaleidoscopic career by the innocent little beauty who almost starved to death in forlorn poverty and suddenly burst into the most brilliant star that ever illuminated New York's gay world. It is the most extraordinary human document ever written, and will appear in next Sunday's American. Order your copy from your newsdealer to-day, or call up the Circulation Department, Main 100.

Life's Worth Living in Georgia

If you prefer city life, there are no better cities in the world than in Georgia. If you prefer village life, the smaller towns in Georgia offer every inducement.

Climate and Soil

The climate is such that farmers do not have to have stock during the winter, there being good grazing the entire year. For raising cattle and stock Georgia offers greater inducements than can be found elsewhere.
